

Gelair™

Tea Tree Oil - Nature's Best

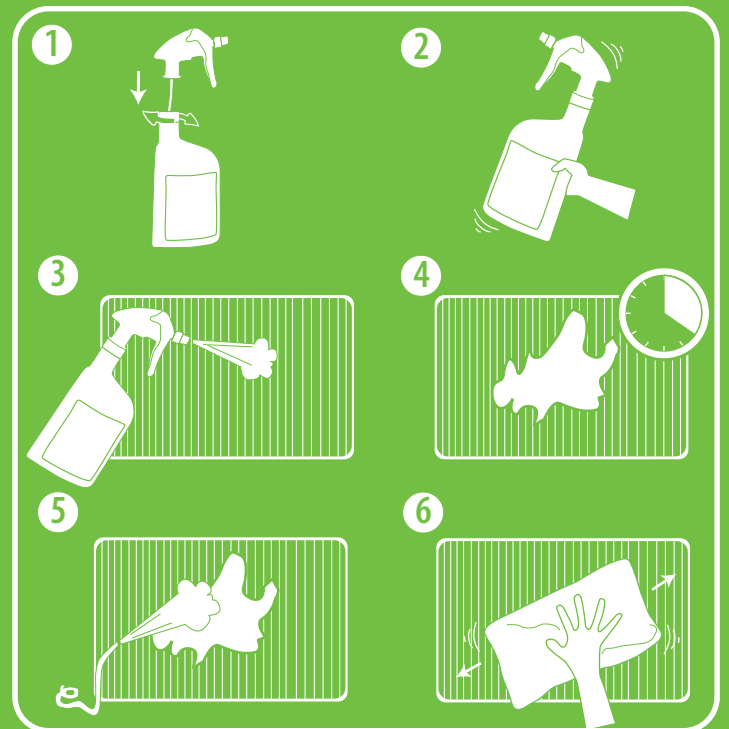

Coil and Duct Cleaner

Gelair™ Coil and Duct Cleaner is specifically designed for use in air conditioning systems to clean and sterilise air conditioning cooling coils and ducts. Gelair™ Coil and Duct Cleaner kills mold and bacteria and is specially formulated to stick to vertical surfaces for longer ensuring effective action on difficult to reach surfaces.

Instructions for Use

- 1 If trigger is separate from bottle, remove cap, place trigger sprayer into the bottle and tighten.
- 2 Shake well before use.
- 3 Spray cleaner directly on to affected air conditioning coils and/or ducts.
- 4 Leave 20 minutes.
- 5 Wash excess dirt with low pressure sprayer and re-apply cleaner if necessary.
- 6 Once clean, remove remaining material with microfibre cloth.
